<b>Intl &amp; Health:</b>	
<b>High</b>	\$3,045,500
<b>Low</b>	\$5,000
<b>Average</b>	\$138,525
<b>Description:</b>	The Abbott Fund was established in 1951 and is funded solely by Abbott, a global broad-based health care company. The mission of the Abbott Laboratories Fund is to invest in creative ideas that promote science, expand access to health care, and strengthen communities worldwide. In partnership with others, they strive to make a lasting impact on people's lives and encourage others to action.
<b>Remarks:</b>	Abbott support and partner with a broad range of organizations, including community-based charities, academic institutions, medical and health professional associations. The major areas of program funding by Abbott are: global AIDS care; access to health care; Science & Medical innovation, and community vitality. The <i>Access to Health Care</i> program seeks innovative solutions to improve and expand access to health care services for disadvantaged populations. Specifically, but not exclusively, they support programs in the areas of cardiovascular health, diabetes, nutrition, maternal and <b>child health</b> and neonatal care.
<b>Application Details:</b>	You must complete the Eligibility Quiz on the Foundation's website before applying. This I have been unable to do on your behalf as they only accept applications between January and October and the eligibility quiz was not available at the time of review (4 <sup>th</sup> Nov 2009). Once you have completed the Eligibility Quiz successfully, you can then access the online application form, again because of the deadlines I have not been able to access the application.
<b>Deadlines:</b>	Applications accepted January to October each year.
<b>Recommendations:</b>	On the face of it, I believe ABC Charitable Foundation would be eligible to receive a grant from the Abbott Fund, however having not been able to access the Eligibility Quiz, I cannot be 100% certain of this. One thing that will be asked in the Quiz is whether you are a 501(c)(3) organization and although Abbott have a record of making grants to none 501(c)(3) organizations, the vast majority of their grants are made to such organizations

## ABC Charitable Foundation

	and I therefore would strongly recommend that you affiliate to an organization such as the American Fund for Charities before embarking on any application, as this will greatly improve your chances of success. Even with these provisos I have rated them as Priority 1 and would recommend that you visit the website in January when the Eligibility Quiz and Application form should be available.
<b>Priority:</b>	1
